Words, nothing but words
If only to show how much
My love for you unfolds
Through trouble and fear
This love feels so real
I need you to know

And even though we're far apart
You're right beside me in my heart

Don't you know my love is here
Don't you know my love is real
You should know by now
This much is true
My love is here for you

Time, nothing but time
To make up your mind
I'll give you all that you need
I want you to know
I'll never let go
Till you come back to me

And even though you're far away
I'm right beside you day by day

Don't you know my love is here
Don't you know my love is real
You should know by now
This much is true
My love is here for you

And even though we're far apart
You're right beside me in my heart

Don't you know my love is here
Don't you know my love is real for you
You should know by now
This much is true
My love is here for you
