Pretty face

Leather and lace

Someday I swear

I'll put you in your place

Pretty eyes

Pretty smile

The devil's work has never been so fine

A little higher

A little louder

Your rock is rolling me down to my knees

My fever

Gets higher

Every time you pick me up and spin me again

And I don't care

If we'll be living in sin

I'll be treating you well

And I don't mind if they don't see us again...

Anytime

Anyplace

Just tell me yes and I'll be on your case

Looking fine

Down the line

No need to wait, we're wasting too much time

Silly dreamer

Getting over

Some kind of vision I see in my dreams

My fever

Gets higher

Don't you know, I'll pick you up and spin you again

And I don't care

If we'll be living in sin

I'll be treating you well

And I don't mind if they don't see us again...

A little higher

A little louder

Your rock is rolling me down to my knees

My fever

Gets higher, I don't care!

And I don't care

If we'll be living in sin

I'll be treating you well
And I don't mind if they don't see us again...
It's so easy to tell
But I don't care
If we'd be living in sin
I'll be treating you well
And I don't mind if they don't see us...
If they don't see us again
If they don't see us again...
I don't care!
