Sometimes an hour feels like a minute;
Sometimes a mile feels so close;
I'd still feel the warmth of you
Just like the sun
From 93 million miles away.
Sometimes a voice can be carried
As far as the whole universe;
But now all I hear is the sound of your silence
Giving your heavy heart away;
But you know me baby,
I'm always off the beaten track;
But the best part of leaving is coming back
That's more like it,
There's a light in your eyes,
Come on, give me a smile, baby
That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
We still got today, tomorrow is years away
That's more like it
Sometimes the eye can see beauty
When you're not around to behold;
'Cause I've got a picture of you in my mind,
You're gonna be a part of me for all time;
But you know me baby,
There's no need to be so sad;
'Cause the best part of leaving is coming back
That's more like it,
There's a light in your eyes,
Come on, give me a smile, baby
That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
Girl we still got today, tomorrow is years away
That's more like it,
There's a light in your eyes,
Come on, give me a smile
That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be

Back before you know it;
Girl, we still got today, tomorrow is years away
That's more like it,
There's a light in your eyes
Come on give me a smile, baby
That's more like it
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
We still got today, tomorrow is years away!
That's more like it
It's not as bad as it seems
You'll be there in my dreams.....
