One more tear
I'll shed for you.
For the one who showed me love,
like never before.
If you will, take my hand.
I promise to not let go,
baby that's what I'm here for.

Chorus:
One more tear
will be for you.
You're the one I think about,
without any doubt.
What we had,
I'll see forever.
In a distant land.
Just remember, I'll be waiting for you.

Is it me?
Or two or three?
That gets hurt,
and falls on their knees.
I need to know, if you will be there?
Baby, you're the one I need most.

Chorus

Tell me you didn't feel the same,
when I let you go?
Just tell me this one thing.
That's all I'm asking for.
Please don't turn me away.

Chorus-until fade
