Reiko Yukawa and Tadao Inoue, English lyric (Ralph  
McCarthy)

\* Runaway, you don't have to go home  
Baby stay, don't you leave me alone  
We'll find a better world  
Oh who cares what people say?  
Kiss the bad times goodbye, runaway  
On the dirty city streets  
In your tattered jeans  
Like an angel lost in the wilderness  
When our eyes met I knew  
My mind was set on you  
My poor heart was beating me half to death  
\* Repeat  
I could leave this heartless town  
Nothing stopping me  
Go with you as far as we could go  
It's a cold and lonely world  
Need you to hold me girl  
Baby, you're no longer on your own  
\* Repeat  
Kiss the bad times goodbye, runaway
