When this old world starts getting me down  
And people are just too much for me to face  
(Up on the roof)

I climb way up to the top of the stairs  
And all my cares just drift right into space  
(Up on the roof)

On the roof it's peaceful as can be  
And there the world below can't bother me  
Let me tell you now

When I come home feeling tired and beat  
I go up where the air is fresh and sweet  
(Up on the roof)

I get away from the hustling crowd  
And all that rat-race noise down in the street  
(Up on the roof)

On the roof the only place I know  
Where you just got to wish to make it so  
Let's go up on the roof  
(Up on the roof)

Don't know much about history  
Don't know much of biology  
Don't know much about a science book  
Don't know much about the French I took

But I do know that I love you  
And I do know if you love me too  
What a wonderful world this would be

Don't know much about geography  
Don't know much of trigonometry  
Don't know much about algebra  
Don't know what a slide rule is for

But I do know one and one is two  
And if this one could be with you  
What a wonderful world this would be

Now I don't claim to be an 'A' student  
But I'm trying to be  
For maybe by being an 'A' student, baby  
You'll give your love to me

Don't know much about history  
Don't know much of biology  
Don't know much about a science book  
Don't know much about the French I took

But I do know that I love you  
And I do know if love me too  
What a wonderful world this would be  
What a wonderful world this would be
