i can't lie
i think you must realize
it's got to stop before it's too late
let there be no pain and heartache
i can't trust myself
can't let my feelings show
it's the only thing you should ever know

don't tell me
keep your feelings to yourself
life is far too complicated
all the time anticipated

i can't trust myself
can't let my feelings show
it's the only thing you should ever know
this can't be love
forget about me, forget about us
i know how you're feeling deep inside
this can't be love
forget about me, forget about us
i can't live with something i can't hide

no...

i can't lie
i think you must realize
we can never be together
this can never be forever

this can't be love
forget about me, forget about us
i know how you're feeling deep inside
this can't be love
forget about me, forget about us
i can't live with something i can't hide

this can't be love
forget about me, forget about us
i know how you're feeling deep inside
i think you must realize

this can't be love
forget about me, forget about us
i can't live with something i can't hide

no..

this can't be love
this can't be love
