Love it.  
Hey

Give me a beat.

## Verse 1

You love to take me up high (eeh),  
So you can drop me down, why (ooh).  
You tell me that I'm beautiful (eeh),  
But why you treat me ugly though (oohh).

## Pre-Chorus

It's like we wanna break up just to make up again  
That doesn't make any sense,  
We're better off being friends.  
What's the point of this back and forth we gon' do.  
Well, Imma tell you the truth, it really draws me to you.  
Oooh

## Chorus

See that bitter sweet love that you giving makes me  
high  
And that bitter sweet touch makes me stay I wonder  
why  
See that bitter sweet kiss makes me give us both a try.  
Cause we're so bitter sweet  
Oh so bitter sweet

First we're in Love than I hate you(how? how?)  
First we're in Love than I hate you(how? how?)  
First we're in Love than I hate you(how? how?)  
Cause we're so bitter sweet  
Oh so bitter sweet

Give me a beat (x2)
