Oh, Carolina
Oh, Carolina

There was this one time in November
When I met her and I told her that I wont let her go
It only got hotter as we moved into the summer
And she was everything I want
Pretty brown eyes and candy sweet thighs
My tasty sugar coat
Until we got time with the no disturb sign
Out on the door

Thats how I know, a girl like you unforgettable
Everything you do is perfect
Crazy sexy, cool, so you dont forget it
Oh, baby, just remember
That we had such a good, good time
Sweet Carolina

Oh, Carolina
Oh, Carolina
Sweet Carolina oh, please remember me
Oh, Carolina
Oh, Carolina
Sweet Carolina oh, just remember me

Let you meet my mama cause my brother
And that oh, one time
Usually when I meet him I just love him
When I leave him, but with you, I dont know why
And Im cool when youre gone cause youre always on
my mind

Thats how I know, a girl like you unforgettable
Everything you do is perfect
Crazy sexy, cool, so you dont forget it
Oh, baby, just remember
That we had such a good, good time
Sweet Carolina

Oh, Carolina

Oh, Carolina
Sweet Carolina oh, please remember me
Oh, Carolina
Oh, Carolina
Sweet Carolina oh, just remember me

Carolina, youre my one, nothing else
Said the loving just while you out there
Me just cant forget
If me staying by myself
And everything I want with you later I regret
So Caroline, love of mine
Would you mind give me the time
To show you more than youve seen before
There are things you just cant ignore
So girl, you take me on
Girl, I know you know me, I will never do you wrong
I will be the one to shelter you from all this drama
You dont have to worry, girl, just keep coming
Just make sure that you remember me
Everything that we wanted now we have
Take me in your bed, mami, dont forget me at all

Oh, Carolina
Oh, Carolina
Sweet Carolina oh, please remember me
Oh, Carolina
Oh, Carolina
Sweet Carolina oh, just remember me

Oh, Carolina
Oh, Carolina
Sweet Carolina oh, please remember me
Oh, Carolina
Oh, Carolina
Sweet Carolina oh, just remember me
