Girls keep callin' me, can't explain what I make do the same,
Up and down, back and fall, ..what I do, think you fall,
You just take, take me back, I was .. be a rap,
That no mean that I want you to live,
I'm just trying to be what you want me to be,
give me a chance, got to prove to you
The things I've done in the past makes it hard to believe,
I could be the man to provide what you need.

I know I've said that once before but now I mean,
I change for the better, made you cry but not no more,
Baby, dry your eyes, I've changed for the better,
'cause I came, I've told them gone forever,
Change for the better, 'cause I was wrong but now I know you ...
I've changed for the better.

..at home and I'll be gone and get so hard to be alone,
Miss temptations follow me wherever I go,
I think of you, I swear I do, you work too much ..lose,
Is hard for you but it's harder for me

I'm just trying to be what you're wanting to be,
I want you to be, give me a chance I got to prove you ..
The things I've done in the past it makes it hard to believe,
I could be the man to provide what you need.

I know I've said that once before but now I mean,
I change for the better, made you cry but not no more,
Baby, dry your eyes, I've changed for the better,
'cause I came, I've told them gone forever,
Change for the better, 'cause I was wrong but now I know you ...
I've changed for the better.

I've got .. kiss for what I do,
Only me, should be sorry for what I put you through,
Change myself, 'cause if I don't I lose,
So I'm gonna start up with the truth, I gotta do this for

me
