I want your love,  
I need it cause  
I'm yerning for  
Cant get enough  
I'm searching long  
Ever since you been gone  
I want you in my arms

How I Miss you  
Give you anything to kiss you  
Sacrifation Desperation  
You're all I ever think about  
Day n Night  
I need you in my life  
Why?  
Did you say goodbye  
Why?  
You leave me down and out.

Chasing my high  
Every morning without  
I get close to the ground  
You're my up now i'm down  
I can still hear the sound  
So now I'm looking around  
Baby where are you now?  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out

I'm getting the glitch  
I need a fix  
I Wish your love didn't get me like this  
I'm hurt inside and can't deny  
I'm Hooked on you.

How I Miss you  
Give you anything to kiss you  
Sacrifation Desperation

You're all I ever think about  
Day n Night  
I need you in my life  
Why?  
Did you say goodbye  
Why?  
You leave me down and out.

Chasing my high  
Every morning without  
I get close to the ground  
You're my up now i'm down  
I can still hear the sound  
So now I'm looking around  
Baby where are you now?

I'm Crying Out  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out

So not that I need it  
Baby I'm fiending  
break it down  
Stir it up  
Bring it back to me  
Heat it up  
Put it in the shot and  
Watch me get high

Wheres your love when i need it  
Baby i'm fiending  
Break it down  
Stir it Up  
Bring it back to me  
Heat it Up  
Put it in the shot and  
Watch me get high

I'm Crying Out  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out  
I'm Crying Out...
