Gotta know when to let it go,
Gotta know when to let it go,
Gotta know when to let it go.

You left a note, on the edge of my bed,
and all that it said was "I'm sorry it's not workin' out"
Not even goodbye, and I wonder what I could've done
to make you walk out on me, without a sign, or a
warning
What's that about? Oh can you tell me, where I went
wrong,
and how do you feel?

So now I feel like I'm always in the way,
I feel it's better I go, you feel it's better I stay
Cause I just don't know how we turned out this way
We used to be so in love, now I'm here watching our
love disappear.
Disappear, watching our love disappear
Disappear, watching out love disappear

It's better this way, if we separate
Cause we're not good together
It's too much to take, baby I need to get away
Someone has to admit it so bad

Cause we keep holding on to this lie,
and letting time go by

So now I feel like I'm always in the way,
I feel it's better I go, you feel it's better I stay
Cause I just don't know how we turned out this way
We used to be so in love, now I'm here watching our
love disappear.

I think it's best for me to leave,
Cause you'll be better off without me
Someones ?????????? for you? Don't you see what we
goin' through?
And I just wanna set you free.

So now I feel like I'm always in the way,

I feel it's better I go, you feel it's better I stay
Cause I just don't know how we turned out this way
We used to be so in love, now I'm here watching our
love disappear.
Disappear, watching our love disappear
Disappear, watching out love disappear
