ah ah ah ah ah who you take for  
one of them dum dum dum dum dum silly brauds  
i used to give you, use to give you my all  
but not the love done, love done gone  
hey hey hey hey  
chorus:  
boy enough is enough  
i'm just gonna give it up  
my heart used to be in the way but now im through with  
this love  
and i can see you dont care  
and ive had it up to here if i could take all of it back..  
every little thing that we made  
i wish i wish i wish i wish could forget you yes you  
ever since the day that i met you, bet you  
think the song is about you  
well you're sorta right 'cause i saw the light when  
in the beginning when we got together  
i swear that you use to treat you much better  
and now things change and you got strange and i don't  
like the bad weather  
ooh back when you used to love me so good  
you used to do all that you should  
.. but the thing you just threw me away  
told me so much a girl can take  
[chorus:]  
for really thou, what you take me for  
some silly home dilly hillbilly hoe we super thug  
i'm done with you  
hey nothing you can say ah ah ever go  
i took it back again and again  
you prove me wrong again and again  
i love you the day i met you  
enough is enough its over  
back then you used to love me so good  
you used to do all that you should  
.. but the thing you just threw me away  
tell me so much a girl can take  
[2x chorus:]  
and i tryed i did you took and i give i gave you  
everything.... baby!
