[Intro]

I ain't fine be no hater
But them other girls is d?j? vu
Meaning you've been there before
So now it's time for something new

Time for something real, time for something true
You see how I make you feel

Baby let me love you now, oh yeah
Baby let me hold you down, oh yeah
I know that you've been hurt before
I don't wanna see you hurt before

Baby will you let me in, oh yeah
Baby let me do my thing, oh yeah
I don't know what your issues are
But I'm not the type to break your heart, no oh

Baby I'm a good girl, don't you see my halo
Baby I could be your girl, all you gotta do is say so
Tell me how to treat you, teach me how to love you
Baby we'll be fine

Cause baby I can read your mind
You should leave your past behind
Don't let me pay, for ...stay
We'll be okay, hey, hey
But your ex still in the way
Let it go, let it go, let it go
Let it go, let it go, let it go
For ...we'll be okay
But your ex still in the way

...think of her, oh yeah
If you want this love to work, oh yeah
Cause baby I love you, yes I swear
But I just... to be compared
I'll bring in the love home, oh yeah
I can be the blame it all, oh yeah
It's either over it or you're not

You better start focusing on what we got

Baby I'm a good girl, don't you see my halo
Baby I could be your girl, all you gotta do is say so
Tell me how to treat you, teach me how to love you
Baby we'll be fine

Cause baby I can read your mind
You should leave your past behind
Don't let me pay, for ...stay
We'll be okay, hey, hey
But your ex still in the way
Let it go, let it go, let it go
Let it go, let it go, let it go
For ...we'll be okay
But your ex still in the way.
