It's just me and my nigga, nigga, oh
Me and my nigga, nigga, yeah, yeah
It's just me and my nigga, nigga, right about now

We riding with the top down, heading towards the
sunrise
Taking on an open road
He blowing kush in the air, got me feeling kinda wet
Even though it's only second and...
So now it's... I'm looking through the rear view for the...
Cause we ride, we die, the mundane Bonnie and Clyde,

It's been about a year ago, before I left the nest and
kissed mama goodbye
Where I'm going I don't know all I know I'ma let life be
my guide

Me and my nigga, nigga

I'm in love with a gangsta,... me... face
I'm in love with a gangsta
Know we got a side chick, no I don't like it
I'm in love with a gangsta
My friends tell me no girl, you gotta let him go
No matter what you say, he going away
I keep him on my side, like...
I'm in love with a gangsta
It's just me and my nigga, nigga
Me and my nigga, nigga X 2
