isn't it lovely, isn't it perfect  
the fairytale of us that's in my mind  
but there's only one catch it's gotta be over  
soon as I open up my eyes  
cause nothing can ever last forever, forever  
one day we may not be together  
and you should know now  
for me this is gonna be hard  
I never wanna break your heart  
but even happy endings have to end  
when it's all said and done just know that our love was  
strong  
but even happy endings have to end  
but even happy endings have to end

everybody tells ya you know when it's over  
then why didn't we realise  
that you and me were both at the end of our road  
the tears falling down both our eyes  
cause nothing can ever last forever, forever

one day we may not be together  
and you should know now for me this is gonna be hard  
I never wanna break your heart  
but even happy endings have to end  
when it's all said and done just know that our love was  
strong  
but even happy endings have to end  
but even happy endings have to end

have you ever been in love but you couldn't break up  
something messed it all up and it caught you  
have you ever been in love but you couldn't break up  
something messed it all up but I want you  
it gets hard, hard, hard.c  
even happy endings have to end  
for me this is gonna be hard  
I never wanna break your heart  
but even happy endings have to end  
when it's all said and done just know that our love was  
strong  
but even happy endings have to end

but even happy endings have to end
