haa haa haa haa haa haa  
haa haa haa haa haa haa haa

how i feel for u babe  
is hard to find the words to explain  
the feeling u give to me  
oh, u drive me crazy

[Chorus]

i think about you every night and every day, every day  
every second, every hour, let me say, let me say  
how i love you but hate when youre away, youre away  
so for you, baby i dedicate, dedicate

so i wrote you a song and hope it catches you where  
ever you go, where ever you go  
so if youre listening right now turn up your radio, radio  
cuz i just wanna say, i just wanna say that i got you,  
(baby i got you) i got you  
girl i just wanna say, i just wanna say that i got you,  
(baby i got you) i got you

cuz when were far apart,  
baby i just extend my heart  
put my love in this song  
cuz baby u deserve it all from me

[Chorus]

i think about you every night and every day, every day  
every second, every hour, let me say, let me say  
how i love you but hate when youre away, youre away  
so for you, baby i dedicate, dedicate

so i wrote you a song and hope it catches you where  
ever you go, where ever you go  
so if youre listening right now turn up your radio, radio  
cuz i just wanna say, i just wanna say that i got you, i  
got you  
girl i just wanna say, i just wanna say that i got you, i  
got you

all my life i waited for you, for you  
so this song i write goes out to you, to you  
ohh ohh

[2nd Chorus]

so i wrote you a song and hope it catches you where  
ever you go, where ever you go  
so if youre listening right now turn up your radio, radio  
cuz i just wanna say, i just wanna say that i got you, i  
got you  
girl i just wanna say, i just wanna say that i got you, i  
got you

so i wrote you a song and hope it catches you where  
ever you go, where ever you go  
so if youre listening right now turn up your radio, radio
