[Chorus:]

See when the rain falls on my widow, and the thunder  
crushes on my ceiling  
It brings back the awful felling, from the day I saw you  
leaving  
Now every time I see your picture, think about being  
with ya

[Verse 1:]

(Right about now) Tell me babe, why I really want to be  
with you, cause I'll do anything  
And if don't matter with you, I would give up everything  
Only if you want me to, how much you mean to me  
I'd wave my pen and paper sweating every single year

[Chorus]

[Hook 1:]

And it drives me out my mind, my mind, my mind  
Cause I can't be by your side, your side, your side  
You're the one that can explain ain...  
When I felt for you when away, away, away

[Hook 2:]

Cause baby all I want to do is  
Be with you (be with you), be with you, be with you  
Baby all I want to do is  
Be with you (be with you), be with you, be with you  
Baby all I want to do is  
Be with you (I just want to be with you), be with you (just  
want to be with you)  
Baby all I want to do is  
Be with you (I just want to be with you), be with you (just  
want to be with you)

[Verse 2:]

Now I'm a tripping, yeh  
Trying everything to get with you, but nothings working  
Baby I'm a still hurting, and looks like your not even  
gunna happen  
Feel like I'm such a fool, it's like it's happening, nigga it  
wasn't worth

Is really ok, I'll hold you back

[Chorus]

[Hook 1]

[Verse 3:]

(Baby all I want to do is)

I'm going crazy cause somebody called me it done it  
done da da da da

Don't need a straight jacket, nothing can't be undone,  
undone, undone

Don't need no medicine I've already past insane,  
insane, insane

The thought of missing you, it's permanently killing my  
brain

[Hook 2]
