i wish i never smiled (i wish)
i wish i never laughed (i wish)
i wish that all of our memories
i could take them back (i wish)
i wish we never met (i wish)
i wish that i could forget (i wish)
wish that all of the things we did
we can do all over again (i wish)
i wish i can make up my mind
i know that it hurts you sometimes
i leave you but you take me back
i wish i wasn't like that baby (i wish)

i wish that i could make a choice
and promise you that i would be yours
and make you my number one
but baby my heart's unsure
i wish that i could be the girl
the kind of girl that you need
the kind of girl you deserve
sorry boy that's not me

i wish we weren't in love (i wish)
i wish the times that i left you
you would have just given up (i wish)
i wish you met another girl (i wish)
i wish i met another guy (i wish)
i wish it were me instead of you
who were the one who had to cry (i wish)
i wish i can make up my mind
i know that it hurts you sometimes
i leave you but you take me back
i wish i wasn't like that baby (i wish)

i wish that i could make a choice
and promise you that i would be yours
and make you my number one
but baby my heart's unsure
i wish that i could be the girl
the kind of girl that you need
the kind of girl you deserve
sorry boy that's not me

i know you don't like it
whenever i'm indecisive
but i just can't help myself (oh oh)
i know it's hard loving
someone who's constantly changing
never being the same thing
i know, i know

oh
oh i wish, i wish, i wish, i wish, i was
oh i wish, i wish, i wish, i wish, i was

i wish that i could make a choice
and promise you that i would be yours
and make you my number one
but baby my heart's unsure
i wish that i could be the girl
the kind of girl that you need
the kind of girl you deserve
sorry boy that's not me

i wish that i could make a choice
and promise you that i would be yours
and make you my number one
but baby my heart's unsure
i wish that i could be the girl
the kind of girl that you need
the kind of girl you deserve
sorry boy that's not me

oh i wish, i wish, i wish, i wish, i was
oh i wish, i wish, i wish, i wish, i was
