I see you poppin it and  
I see you droppin it and  
And that's the reason that you wanna leave with me  
No more snappin it and  
Just put your back in it and  
Because baby girl you're so sexy

She got a catterpillar waist pon she  
Di way she put a whine pon me  
You make a topa topa holla and scream  
Scream fi get right up in a dem jeans

Up inna di dancehall  
Di dj play her song next thing you know  
Di gal was on di floor  
Up inna di dancehall  
Di gal a start fi whine up pon me slow  
I didn't know what to do  
Up inna di dancehall  
Di gal a start fi put on a show  
Say she wanna take me home  
Up inna di dancehall  
As soon as di gal get close  
She move it like a pro  
Up inna di dancehall - (repeat 7 x)

Shorty is a ten  
With all of her friends  
Chillin by di bar  
Lookin like stars  
My Beautiful girls  
All across the world  
This one is for you  
Wherever you are

She ma dirty Dianna  
Hold it like an Optimo  
The way she grind her body on the floor is like a peep  
show  
You don't hear me though  
The Girl got tempo  
She goin through my body like i'm pullin on that endo  
Everytime I look around nigga got deja vue like I'm up  
in jail  
Now that's that same chick on the front of XXL  
Rock city with Vawn, the club bout it, bout it  
Sweat your hair out girl we'll get it done don't worry

Up inna di dancehall
