All the way that monkey swinging ....  
One more ....  
I need you to know that you are my official unofficial  
sexy ..  
Make it whistle baby roll down  
You may be .. baby girl .. monster  
... in the sheets cause I'm gonna put it on you  
I can see the problem ... solve it.. take that up  
Baby girl I got you

Chorus  
Cause every single night  
And every single day  
Baby we've been making love  
You on top of me, me on top of you  
It's all you got me thinking of  
Cause I see you running from this good loving  
Shorty I know you want it  
I'm gonna keep it coming

Shorty I know you want it  
I'm gonna keep it coming  
Please don't stop the music  
Cause you're messing with my flow now

Gotta be thing so I'm hitting on your doors now  
Heating up the block baby heating up the spot  
I'm the demolition man I came to take the walls down  
I know you like it I got everything that you need  
Don't try to fight it just come on and give it to me  
Anytime ... anyhow anyplace I'm gonna put it on you  
Cause I know what you like

Chorus

Might run but you won't get far  
Turn the lights so we can play in the dark girl  
If you let me I'm gonna get you what you want  
See all this loving I'm gonna get it to you  
It's on me two girl  
Ain't no telling what we're ought to do  
If you don't make me chase you

## Chorus
