Chorus:

Just from the way you move your body girl,
No one just tempted to touch
Those things you do behind close door girl just be
keeping me...

Verse 1

This is that freak music bang bang skeet skeet music
Girl i want you to make so much noise so the
neighbours can sleep through it
You dont even know how much im addicted to the thing
you be doing
You lick your lips and your hips be moving
ridiculously legit its true when i cannot forget how you
take me to a whole another space
And i wanna go home to your place, I just wanna go
somesway secluded and get a little close to your face
Get about that sexy bikini and let me put something up
in ya
Gotta leave you morning till morning thats right where i
wanna to getcha
Playing roles, you be the student and let me be the
professor
Imma teach you how to be the best so the only keep
gettin better and better
When im knocked knocked knocked dem boots
You be waking up the neighbours
When is over imma put you to sleep and you're not
waking up till later

Chorus:

Just from the way you move your body girl,
No one just tempted to touch
Those things you do behind close door girl just be
keeping me,
up up up up up and i cant come down you keep me
up up up up up and i cant come down you keep me up!

up and now i cant come down
you keep me up and now i cant come down, girl

you keep me up and now i cant come down
you keep me up and now i cant come down, girl

Verse 2

You keep me up like viagra,
and I get you wet like niagra,
you allready know im the answer,
why you breath like you got asthma
Go ahead ang give me CPR below my waist,
DVR recorded tape tape,
Each and everything you do so the next time you wont
make no mistakes
Im trynna make your body rock, heres a few things i
admire,
Lick and a lick my lollipop, suck it like a pacifier
This is that get right addict,?? i just gets to have it
You are the lady in the street, freak in a sheet you can
consider me to get addict
Lets go from the bed to the sofa,
i'll be lifting and flipping you over,
when im finish you want me to hold ya,
But im a pimp and i allready told ya

You keep me up and now i cant get it down,
And just for that together you can be ??

Let me touch you,
Show you I can please you,
And im make you feel my ??
better than the others before

And i kiss your lips,
touch on your ass to hips
oh girl i swear you'd never..
Never wanna let me go, oh!

Chorus:

Just from the way you move your body girl,
No one just tempted to touch (Im so tempted to touch!)
Those things you do behind close door girl just be
keeping me,
up up up up up and i cant come down you keep me
up up up up up and i cant come down you keep me up!

up and now i cant come down
