And i know, and i know
I'm so tired of looking for love
And i know, and i know
Looking for it in all the wrong places
And i know, and i know
Its time to, time to, time to give it up
And i know, and i know

The last train is coming
But i won't be on it, i won't be on it
And i made myself this promise
Cuz i no longer love him, no longer love him
And i know, and i know
When i'm gone he's gonna miss me
And i know, and i know
All of my love and kisses
He's gonna have to live without it
Cuz i won't be coming, i won't be coming back

My bag's packed, i'm bout to leave
Where's my keys, i need space
Let me breathe like aha haa
Three years, cant get that back
Who can repay me
Im done being his everything
Even his freak up in the sheets
Now tell me this, am i wrong
Would u stay if u were me
Or let him in just string u along
Like a puppet on a string
And things aint gonna get better
If i dont make 'em better
Gotta love myself, more than someone else
(?) Cant complain, so

The last train is coming
But i won't be on it, i won't be on it
And i made myself this promise
Cuz i no longer love him, no longer love him
And i know, and i know
When i'm gone he's gonna miss me
And i know, and i know

All of my love and kisses
He's gonna have to live without it
Cuz i won't be coming, i won't be coming back

Knock knock
Been knocking for years
But no one's there
He don't care til i disappear
Thats the only time he wants me
See he don't want love, he wants to touch
He wants to (?)
He's that nigga up in da club
Coming home at six o'clock in the morning
And i'm tired of all his lies, i'm tired of crying
I'm ready to move on
I gotta draw the line, he's out of time
And it aint worth it to hold on

The last train is coming
But i won't be on it, i won't be on it
And i made myself this promise
Cuz i no longer love him, no longer love him
And i know, and i know
When i'm gone he's gonna miss me
And i know, and i know
All of my love and kisses
He's gonna have to live without it
Cuz i won't be coming, i won't be coming back

And i know, and i know
I'm so tired of looking for love
And i know, and i know
Looking for it in all the wrong places
And i know, and i know
Its time to, time to, time to give it up
And i know, and i know

And i'm tired of all his lies
I'm tired of crying
I gotta draw the line, he's out of time
And it aint worth it to hold on

The last train is coming
But i won't be on it, i won't be on it
And i made myself this promise
Cuz i no longer love him, no longer love him
And i know, and i know
When i'm gone he's gonna miss me
And i know, and i know
All of my love and kisses
He's gonna have to live without it

Cuz i won't be coming, i won't be coming back

The last train is coming
But i won't be on it, i won't be on it
And i made myself this promise
Cuz i no longer love him, no longer love him
And i know, and i know
When i'm gone he's gonna miss me
And i know, and i know
All of my love and kisses
He's gonna have to live without it
Cuz i won't be coming, i won't be coming back
