Little man  
There's nothing I can do  
But sit and wait for you to get better.

Little man  
You're screaming out for more  
I'm standing at the door  
Just waiting.

Do you go home?  
Do you go home  
Back into my arms

I said hey  
Get away  
To hold you into my arms  
And say  
Little man  
I love ya.

Little man  
I had you now you're gone  
Now you've gone away to get better.

Little man  
It's all love to you  
Well I'm here for you  
Just waiting.

Do you go home?  
Do you go home  
Back into my arms.

I said hey  
Get away  
To hold you into my arms  
And say  
Little man  
I love ya.

Hey

Go away  
Hold you into my arms  
And say  
Little man  
I love ya.

I love ya

Hey  
Get away  
To hold you in my arms  
And say  
Little man  
I love ya.

It's been awhile  
But you're coming home  
A friendly place you can call your own

Do you go home?  
Do you go home?  
Back into my arms  
I said hey  
Get away  
To hold you in my arms  
And say  
Little man  
I love ya  
Hey  
Get away  
And say  
Little man I love ya  
Hey  
Get away  
To hold you in my arms and say  
Little man, I love ya.
