Rock city, very militant yelling fuck the government
We should start a riot since they won't impeach the
president

I need - - - (?)

Why are we the represent?

Mama working two jobs tryna make an honest living
Son hate to see his mamas struggle so he in the
kitchen

Bubbling some crack, when he was young his father
left and he aint never came back

So tell me what you expect when we living cheque to
cheque and this faggot ass manager is yelling down
my neck from the hood so automatically they label us a
threat social service tryna take our kids food stamps
buy food but they can't pay our rent

So they, they mean to say that making minimum wage
Your gonna raise my bills but your not going to raise
my pay

Boss one, gun shot in-adi-air

Boss two, gun shot in-adi-air

One two three, gun shot In-adi-air

In-adi-air, In-adi-air

When the rent and the cars not cheap
How we president expect we eat
George bush shoulda been impeached
In-adi-air, In-adi-air

Gun salute like ooooh
Salute like ooooh (ooh)
Salute like ooooh (ooh)
In-adi-air, In-adi-air

Still wonder why it seems like its been
Going on forever should I never ever happen
I feel we should take our troops from over there (over
there) (yeah)
Cause in (?) a popa can shot ya 51 times and not do

time, now that is the crime
But they don't really seem like they care, they care

So wait
You mean to say
You're making minimum wage
Your gonna raise my bills but you're not gonna raise my
pay

Boss one, gun shot in-adi-air
Boss two, gun shot in-adi-air
One two three, gun shot In-adi-air
In-adi-air, In-adi-air

When the rent and the cars not cheap
How we president expect we eat
George bush shoulda been impeached
In-adi-air, In-adi-air

Gun salute like ooooh
Salute like ooooh (ooh)
Salute like ooooh (ooh)
In-adi-air, In-adi-air

Boss one, gun shot in-adi-air
Boss two, gun shot in-adi-air
One two three, gun shot In-adi-air
In-adi-air, In-adi-air

When the rent and the cars not cheap
How we president expect we eat
George bush shoulda been impeached
In-adi-air, In-adi-air
