(Hypnotic)  
World Wide...  
Yea...  
Something special...  
Something classic...  
Right about now...

Girl your dinner gon' be ready in an hour  
'Cause I know you had a hard day at work baby  
I just want you to go upstairs in the shower  
And when you come out show me where it hurts baby

'Cause I'll rub your neck  
I'll rub your back  
I'll rub your thighs  
I wanna cater to you  
So just show me what you like

You're wondering what you did to deserve this  
But girl you're just perfect  
And I love to do everything for you oh...

{Bridge}  
Baby I know it's not our anniversary  
I know I'm not like this usually  
But baby I just want us to be close  
Baby I know it's not your birthday  
And I'm not usually in to foreplay  
But tonight I thought you should know...

{Chorus}  
Having sex is so overrated  
Tryna cut aint fit for no lady  
So tonight you and I  
We're gonna make love  
(love, love, love)  
.....on the agenda  
Gonna give it to you soft and tender  
So tonight you and I  
We're gonna make love  
(love, love, love)

We usually turn the lights on  
But tonight I want some candles  
'Cause I also wanna touch the silhouette of you baby  
And I know it's gettin' so hard to handle  
But baby this is all for you

I'll kiss your lips  
I'll kiss your breasts  
In between your thighs  
I wanna make love to you  
Exactly how you like

Wanna know what you did to deserve this  
But girl you're so perfect  
And I wanna do everything for you...

{Bridge}

{Chorus}

If it's cool with you  
Baby I wanna make love to you  
Tell me baby  
If it's cool with you  
Baby I wanna make love you to you  
Sing it out  
OOhhhh OOhhh  
Sing it out  
OOhhh

{Chorus}
