If I knew that last night was our last night  
I woulda made it last forever, baby  
'cus tonight your nowhere in sight  
and it's driving me so crazy, girl

down on my knees begging you please  
girl 'cus I need you next to me  
Out on the edge  
all by myself  
hurtin for her

please don't go, please don't go, please don't go  
don't you leave me baby  
please don't go, please don't go, please don't go  
don't you go away

don't leave me girl  
don't you go away

if i knew that today was the ending  
I would try to do this over yea  
but you said i dont make no sense  
and I should just surrender yea

down on my knees begging you please  
girl 'cus I need you next to me

Out on the edge  
all by myself  
hurtin for her

please don't go, please don't go, please don't go  
don't you leave me baby  
please don't go, please don't go, please don't go  
don't you go away

sometimes i think about you and i  
know i, i just break down and cry

please don't go, please don't go, please don't go  
don't you leave me baby  
please don't go, please don't go, please don't go

don't you go away  
please don't go, please don't go, please don't go  
don't you leave me baby  
please don't go, please don't go, please don't go  
don't you go away

bye bye so long...  
don't you go away  
don't leave me girl..
