Everyday it seems like we're close to our ending  
I think that you and me should stop pretending  
Going over and over the same thing  
And I don't think, that you and me, are gonna make it  
anymore, no  
Cause now I know, we hit a all time low  
And the only thing that can get me through it

A regular love song, somethin' to hear on the radio  
somethin' to play on my ipod, take my mind off a  
broken heart  
Just a regular love song  
Somethin' to see in a video, somethin' that they would  
put in a movie where the guy gets the girl  
Just a regular love song

Somethin' like  
da da da da da da  
da da da da da da  
da da da da da  
just a regular love song

The only thing to take my mind off of, me and your love  
That's not good for us?  
And I don't think, that you and me, are gonna make it  
anymore, no  
Cause now I know, we hit a all time low  
And the only thing that can get me through it

A regular love song, somethin' to hear on the radio  
  
somethin' to play on my ipod, take my mind off a  
broken heart  
Just a regular love song  
Somethin' to see in a video, somethin' that they would  
put in a movie where the guy gets the girl  
Just a regular love song

Cause when I'm at home, alone and you're gone, I  
need  
A song, that can make me smile again, take me high  
again

And you know what that is

A regular love song, somethin' to hear on the radio  
somethin' to play on my ipod, take my mind off a  
broken heart

Just a regular love song

Somethin' to see in a video, somethin' that they would  
put in a movie where the guy gets the girl

Just a regular love song

somethin' to play on my ipod, take my mind off a  
broken heart

Just a regular love song

Somethin' to see in a video, somethin' that they would  
put in a movie where the guy gets the girl

Just a regular love song

Somethin' like

da da da da da da

da da da da da da

da da da da da

just a regular love song
