tears keep falling on my bed  
tears keep falling on my bed  
tears keep falling on my bed  
when you hear  
bum bum bum...  
that's the sound that my tears make  
when their falling on my pillow-illow  
i wanna run run run...  
but i just can't get away  
i can't seem to let go uh oh

so where do i go from here  
so i can erase my tears  
no matter how many rivers i fill  
to you it's not a big deal

it seems like tears don't mean anything anymore  
but i can't stop crying baby  
cuz you always make me feel  
like what am i crying for  
and that drives me crazy

when i'm only crying for your love  
(crying for your love)  
these tears are for your love  
(tears is for your love)  
i'm crying for your love  
(crying for your love)  
these tears are for your love  
for your love  
uh...

but there's never a shoulder  
for me to lean on i never-evah  
but i wish it would be over  
feels like i been crying forever-evah

so where do i go from here  
(where do i go from here?)  
so i can erase my tears  
(i can erase my tears)  
no matter how many rivers i fill

(how many rivers i fill)  
to you it's not a big deal  
(to you it's not a big deal)

it seems like tears don't mean anything anymore  
but i can't stop crying baby  
cuz you always make me feel  
like what am i crying for  
and that drives me crazy

when i'm only crying for your love  
(crying for your love)  
these tears are for your love  
(tears is for your love)  
i'm crying for your love  
(crying for your love)  
these tears are for your love  
for your love

for you i cry because  
it feels like iâ€™m always crying for your love, your love  
right up to the point where i think i should give it up

it seems like tears don't mean anything anymore  
but i can't stop crying baby  
cuz you always make me feel  
like what am i crying for  
and that drives me crazy

when i'm only crying for your love  
(crying for your love)  
these tears are for your love  
(tears are for your love)  
i'm crying for your love  
(crying for your love)  
these tears are for your love  
for your loveâ€¦
