[Chorus]

There will be a time, time, time, time,  
When the world will be mine, mine, mine, mine  
All mine  
But until that day,  
I'ma be patiently, waiting  
Until that time, time,  
When the world will be mine

Money, power, respect is what I need in life  
I want it so bad I can't sleep at night, no,  
My dreams are not realities, yet, but I bet  
When they'll do, I'll be hanging out the car  
Yelling fuck you, oh yeah, to you too  
To all my non believers, all my under achievers  
I know y'all feeling me  
I got my whole life ahead of me  
Y'all niggas can't tell me nothing  
I'll be something, one day, hey  
It's okay, I'm okay

[Bridge]

I'm not gonna give up, I'm gonna try  
Until the day I'll shine  
My bad days make my good days better  
So I don't stress, I don't worry my mind  
At all cause

[Chorus]

There will be a time, time, time, time,  
When the world will be mine, mine, mine, mine  
All mine  
But until that day,  
I'ma be patiently, waiting  
Until that time, time,

Anything ill, all mine, that's what the world is  
So fine, that's what my girl is  
Man I came from where the worms is  
But sky is the limit, so I'm headed for where the birds is  
Homie, I'm just trying to serve my purpose

After serving the earth with just a couple of verses  
Most of my teachers labeled me as the worst  
Still I made it up out of the dirt, without a stain on my  
shirt bitch  
And I wasn't influenced by Scarface  
When everyone crashed, I kept moving my car straight  
I was doing talent shows to win cash  
That's how I got by, when I was stuck in the rock in a  
hard place, yeah

[Bridge]

I'm not gonna give up, I'm gonna try  
Until the day I'll shine  
My bad days make my good days better  
So I don't stress, I don't worry my mind  
At all cause

[Chorus]

There will be a time, time, time, time,  
When the world will be mine, mine, mine, mine  
All mine  
But until that day,  
I'ma be patiently, waiting  
Until that time, time,

They gonna respect the rebel that made it from where  
they cop cop  
Took a step in the game no one touching the plan, hop  
scotch  
Just a dream of a kid with ambition grand is my pop  
pop  
With a drive that will not stop, stop  
This for niggas on my block  
And those around the world  
That hope somehow they gonna be heard  
I am that voice of hope for those  
Who have no hope that they'll emerge  
Out the belly of defeat  
Success shall inherit us  
A catch wreck watch your step as we stepping up  
Promised my mama twice so I go with my life's worth  
And I'll be at it, till I get it, or I'll find dirt  
Hah, hurra, hurra, he beat the odds  
And yet I wanted all and more in my garage  
I'm driven to be great, god given me the way  
They said that to be big  
Well all I need is faith  
I'm better alone with time  
And I ain't gonna be fine  
Till I'm... on this... and the world is mine

[Chorus]

There will be a time, time, time, time,  
When the world will be mine, mine, mine, mine  
All mine  
But until that day,  
I'ma be patiently, waiting  
Until that time, time.
