we both don't know if we'll see each other again
so girl lets live for the moment, live for the moment
we both got one life to live so lets enjoy till the end
so girl lets live for the moment, live for the moment

tonight girl we should fuck, fuck, fuck
tonight girl we should fuck, fuck, fuck
tonight girl we should fuck, fuck, fuck
tonight girl we should fuck, fuck
and live for the moment

That ass that body them lips
