Manassas Virginia  
2003 I believe was the year  
Before I left here  
Currently in NY  
With a VA state of mind  
Still dwelling on the past  
I remember the time

Me and Rod was inseparable  
And Isaiah talked on the phone wit me every night  
Till night was approaching light

John had a case  
Not really nothing to mention  
Just tryna bring a point and speak on the friendships

Stonewall Jackson  
I was in my second year  
And this girl Kai  
She was just getting there  
I knew her from my area  
Westgate  
She was Ryan girl  
When they broke up she said lets date  
Well not in words

I would see her  
When I would chill with Domo  
Tried to get at Jakiesha  
But I didn't get far tho  
She messed with Tavaris  
And he was her life for years  
I seen him make her happy  
I seen him make her tear

I wrote poems to show how I felt but I  
Left it alone after she told me how she felt

When I was home  
Me and Kourtnei would chill  
In the mornings Kai would come over

I was older but still  
We took things to another level  
I was really feeling her but inside  
I knew I wouldn't settle  
Down  
Not as long as Kourtnei was there  
And the miscellaneous girls I would meet  
Was still around

I worked at footlocker with her dad  
Slowly but surely  
He started to notice what we had  
He would tell me things  
Tell me her mind wasn't right  
Say things about her mother  
I would listen no reply

She told me she was 15  
I was 16 at the time  
He told me she was 14 when we chilled 4th of july  
And then a few weeks later  
He told me she was 13  
I aint know who to believe  
I felt both of them had lied

She would sneak out at night  
So she could come and see me  
One time she snuck out but  
She aint come and see me  
I had stuff on my mind  
I really really liked her but I couldn't tolerate  
A person that would lie

When the time came and I looked at her  
Then told her we moving backwards  
She told me about a talk  
Her and her dad had and what happen  
And rather then say don't talk to Kai  
He decided to make up lies  
To try and destroy the bond  
I had developed with Kai

Uh uh  
Na uh  
It didn't work  
Plus I had a few words for him  
But I aint see him at work  
I actually didn't see him  
Kai's visits were first  
She would see me  
I would see her

What he said didn't work  
And over time we grew distant  
Cause she wanted to flirt  
I didn't like but decided it was cool and this jerk  
She started seeing name Daryl  
Fucked wit him and I heard  
He gave her something  
And her next door neighbor did something worse  
I heard he rapped her  
And I'm sitting here the king of my world  
With all these woman  
I had Kourtnei  
I had Mia  
This girl  
That I had brought into my life  
I didn't know what was wrong  
This happen quick  
We didn't even stay apart for that long  
And the the mist of all the things going on  
Me feeling guilty  
Cause I didn't even fight  
To get her to stay with me  
Feeling like  
She was out there  
Searching for a replacement  
While I messing with all of these girls  
Ignoring her  
Staying away and not even talking or calling  
Well I stopped  
After she told Tamisha we were together  
Plus her pops  
I didn't feel like putting up with  
But I said f\*ck it and then  
Eventually we talked but  
Later stuff happened again

I started selling drugs  
Nothing major  
For some paper  
I would save up  
Mess with girls but  
Kourtnei was my main one  
Kai started seeing guys  
Quiet a few  
I can name one  
This kid Christian  
She had liked him  
If he hit it  
I don't blame him  
He go wit my first girl  
Nicole

We had broke up after 3 months  
That relationship changed my whole world...
