Staring at your photograph
Remembering a time long past
Reminders of the life that I once knew
A lunch box full of long ago
Captured moments and mementos
I'm drowning in these memories of you

How did we get to this point?
How did fears become truth?
What happened to me and you?

Started June 1989
An earthquake and a school yard fight
Theses are my first memories of you
A thousand miles and years apart
But still in each other's hearts
I've always been a sucker for you

How did we get to this point?
How did fears become truth?
What happened to me and you?
