At 10 years old we started the fire  
That burns today with passion and desire  
If this is a dream then just let me sleep  
Just as long as we grow old  
Missing your laugh the sound is so soothing  
And those green eyes that see right through me  
But somewhere along the way  
Love wasn't enough and the end of the day

My hopes are high that you'll believe  
Give me your heart and I will give you everything

We started out and life felt so good  
I said marry me and you said you would  
I promised I'd stay til the end of my days  
Just as long we grow old  
Missing your voice and words that inspire  
Your photographs serve as reminders  
That somewhere along the way  
Love wasn't enough at the end of the day

My hopes are high that you'll believe  
Give me your heart and I will give you everything

When I found you in November  
I said to myself that day  
What we have means something  
I fell in love that day

The ache of my heart still seems to linger  
When I see the ring missing from my finger  
Because somewhere along the way  
Love wasn't enough at the end of the day

My hopes are high that you'll believe  
Give me your heart and I will give you everything  
My hopes are high that you'll believe  
Give me your heart and I will give you the best of me
