The time is right, you hold me tight
Love's got me high, please tell me yes
And don't say no honey, not tonight

I need to have you next to me
In more ways than one and I refuse to leave
'Till I see the morning sun creep
Through your window, babe
'Cuz love won't let me wait
Not one more minute, babe

The time is right, turn down the lights
And take my hand, we'll take a flight
And spend the night in a wonderland

Now move a little close to me
You owe it to yourself
And I will selfishly, take a little for myself
It's because of you
That love won't let me wait

Now listen boy

I need your love so desperately
And only you can set me free
When I make love to you
We'll explode in ecstasy

And I will take the blame
That love won't let me wait
No, love won't let me wait
