Imagine this  
Jamie was the girl, she's all alone  
On her way home she's in her own time zone  
Depressed cause everyone around her just wants to go  
Nobody got no time to sit and talk to her no more  
Little did she know she was being followed  
Richy was the boy that had no love in his soul  
He walked up behind her and cracked Jamie in the skull  
And knocked her on the mud and then raped her in the  
cold  
Now she's beatten and destroyed  
Her soul is just a void  
Why did Richy do that to her?  
Cause he was raised from a boy  
To take what you want  
And hurt those who have it  
And if you don't your daddys gonna beat you  
goddamnit  
So that's what he did  
A confused little kid  
With the mind of his daddy that a woman is a bitch  
And you hate that bitch  
And you raped that bitch  
And cause your daddy's rich  
You can escape that shit

Now Richy had a sister  
You can only imagine  
Living with richy and her dad there was never any  
laughing  
Only fighting and grabbin  
Only bitin and stabbin

Only crying and asking why do i live with these  
bastards?  
And now she's lost  
Her daddy has her brain programmed  
That she is the Devil  
And that god is a man  
And that she is a slave to their devilish ways  
And she must take the secret of what Richy did to her  
grave

And so she sits in her room  
Until the middle of the night  
She makes a choice and decides  
To get daddys forty-five  
She knows how to use it that's a rule of the house  
She goes into Richys room and she shoved it in his  
mouth  
BLAM!!!  
Blood all over her handsome face  
She didn't even flinch  
It was her form of release  
Daddy heard the sound  
And went to the room and busted in  
She shot him  
Put it to her head and pulled the trigger again.....

She pulled the trigger again.....  
And she died for him!

She took the secret to her grave  
And pulled the trigger again

SHE DIED FOR HIM! for him.....for him....him...him.....
