A long time ago, when I was just a girl  
I would dream of the day that my music could control  
All my body and soul, all my heart and hopes  
Now, as I'm grown up, I'll never let go

Upside down, my music's spinnin' round and round  
Upside down, I just can't feel the ground  
Upside down, my body's turnin' upside down  
Upside down, it's movin' all around

I'll take you all the way, surrender night and day  
This party's gonna take all the rhythm of my heart  
I'm gettin' on my feet, oh can't you stand the heat?  
Was burned by neon lights right from the start

Upside down, my music's spinnin' round and round  
Upside down, I just can't feel the ground  
Upside down, my body's turnin' upside down  
Upside down, it's movin' all around

She wants to dance the night away  
Oh yeah, I really wanna play  
She wants to take our breath away  
That's what I'm tryin' here to say  
That beat just drives me crazy  
It's good, it's taking me away, away

Upside down, my music's spinnin' round and round  
Upside down, I just can't feel the ground  
Upside down, my body's turnin' upside down  
Upside down, it's movin' all around  
Upside down
