Was it not enough stimulation

Hit by a brick the other day, just when I thought that I'm
okay

Didn't like my conversation

I can't come up with something new

It doesn't really matter what I do

So here's my observation

You could never see it through my eyes

And I'm too tired to try

So don't call and say you're coming back to me

It don't mean nothing I'm always getting over you

And don't say that you're over me

It don't mean nothing I'm always getting over you

Was it too much aggravation

You're telling me the way but I won't see

Then I change my mind you disagree

I used to be your inspiration

You chase I run you disappear

I know it's never over

So don't call and say you're coming back to me

It don't mean nothing I'm always getting over you

And don't lie and say that you're over me

It don't mean nothing I'm always getting over you

Was it not enough stimulation

Hit by a brick the other day, just when I thought that I'm
okay

Didn't like my conversation

I can't come up with something new

It doesn't really matter what I do

[CHORUS]

Don't lie and say you're over me
