I'm everything, you never wanted
Why does it mean so much to you
I'm walking away
Not begging you to please let me stay

You wanna take a picture
So you'll remember
Me standing by this open door
Does it make it better
If you tell yourself i never wanted to go

Should i say that we should still be friends
Should i cry or should i just pretend
That it's killing me, and i don't want you to leave
Should i make you think i suffer
.....when it doesn't matter

You try to figure out
Why i said nothing
When you told me that it's over now
What are you believing
That my smile is only here to hide the pain

[REPEAT CHORUS]

I'm tired, of unhappy ever after endings
I'm tired, of make believe hero's
I'm tired, of taking back what i have given
And i'm tired, of waking up here

[REPEAT CHORUS]
