I'm stitched right in the seams.

I'm not bold, but oh my god she's so tempting.  
All that I know is when she's close to me, I can barely  
breathe.

I'm sure of it now that I've been swept to sea  
cause I'm caught up in those eyes.  
Just like the color of the water  
except something that I've never, ever seen.

Once in a while when I see that smile  
I can't help but wish she were all mine.  
I love the time she's on my mind.

She's all I need.  
Tell me do you miss me when you're not with me,  
baby?  
She's all I need.  
Tell me do you miss me when you're not with me?

She's got me for bad days, I've got her for everything.  
We align just like diamonds and dollar signs lately.  
Quite frankly, I can see the start of something good.

Once in a while when I see that smile  
I just can't believe that she's all mine.  
I love the time she's on my mind.

I found you girl, and I'm not gonna lose you now.  
I'll keep you close because I've figured out.

She's all that I need, and I'm thinking that she's the  
one.
