Baby, you sure look good this morning
Did you do something different with your hair?
Don't worry, I'll go start the coffee
You just stay lyin' right there

Would you rather have grits, or hash browns
How 'bout I cook 'em both
But before I get up and walk in the kitchen,
I'd like to make a toast

It's a good mornin', with you by my side
And it's a good feelin', after a good night
It's all good

So take your time gettin' up and gettin' ready,
Tell me what you wanna do
We can go out, or stay right here
It's all up to you

It's a good mornin', with you by my side
And it's a good feelin', after a good night
It's all good

It's been a good day, all day long
Ain't no way anything can go wrong
Whenever you're ready, just say when
And we can do it all again

Have a good mornin', with you by my side
And have a good feelin', after a good night
It's all good, oh yea
It's all good, yea
It's all good, c'mon baby
It's all good...
