Verse 1

This Galaxy an unworthy place
Every starts intent is to light your face
But youre the one who illuminates the ether

I lay still as my heart runs dry
With ideas to capture a piece of the sky
And make it fit into a short love letter

Pre-chorus

And I would recite
The feelings I sustain tonight
(Repeat)

Chorus

So dont go away
This busted lyrical bouquet
Is all that I can offer
This is all that I can say
(Repeat)

My voice is warm with rehearsals mark
I could trust in fate till the sun goes dark
But fate wont satisfy this dying notion

My bedrooms airs bleeding with dismay
I take my time you might call it delay
Either way I take my time to still the commotion

Pre-chorus

And I would recite
The feelings I sustain tonight
(Repeat)

Chorus

So dont go away
This busted lyrical bouquet
Is all that I can offer
This is all that I can say
(Repeat)

Bridge
If you listen close
You can always hear me waiting
Sounds like chasing ghosts
As the hourglass is fading
(Repeat 4x)

Chorus
So dont go away
This busted lyrical bouquet
Is all that I can offer
This is all that I can say
(Repeat)
