This might shock you
Roll you rock you
Long time waiting
Still debating
You are storming
Habit forming
Cravings take me
But you change me

Cause chemical dependency
Is way less than you mean to me

Please take my hand hold on tightly
Cause I need you To need this too

And when the sun melts into rain
Flows through your breath turns to champagne

I hope that it might entertain
You and I as we say goodnight

Your Addicting
Im a sick thing
Anabolic
Alcoholic
Keep me wanting
Flaunting taunting
Cravings take me
But you change me

Cause chemical dependency
Is way less than you mean to me

Please take my hand hold on tightly
Cause I need you To need this too

And when the sun melts into rain
Flows through your breath turns to champagne

I hope that it might entertain
You and I as we say goodnight

Butanone 2 aint got nothing on you
Butanone 2 aint got nothing on you
