Emma  
Watson  
Ill carve your name in the sun

When clouds  
Block it  
Theyll melt to rain on our tongues

Oh miss Watson  
Please wont you marry me  
We can hold hands  
To fight reality

And when your voice  
Collides with the galaxy  
Night skies burst like  
Bombs Inside my heart beat

Emma  
Watson  
Theres just no way to tell

How you  
Caught me  
With your Hogwarts love spell

Oh miss Watson  
Please wont you marry me  
We can hold hands  
To fight reality

And when your voice  
Collides with the galaxy  
Night skies burst like  
Bombs Inside my heart beat

She leaves me with no way out  
My smile hangs on strings of doubt

She more than I could hope for  
My logic tells me to concede

She more than I could wish for  
My heart has got the best of me
