I know what I'm looking for  
And I'm not looking anymore  
cause I gave birth inside my mind  
When thoughts and dirt and love combined

She never asks for favors  
Pulls of my pepperoni  
She never talks to strangers  
Cause she knows I'm her only

My Girlfriend is just pretend  
I love her until the end  
Everyday and every night  
You're making me feel alright

Girlfriend Just Pretend  
She can play the violin (cool)  
Every-time she comes around  
Something great is going down

I like when were all alone  
But I like when our covers blown  
What's mine is yours and yours is mine  
We have nothing but the time

My Girlfriend is just pretend  
I love her until the end  
Everyday and every night  
You're making me feel alright

Girlfriend Just Pretend  
She can play the violin (cool)  
Every-time she comes around  
Something great is going down

I love you  
and I just might  
Run away with you at night

And we could live  
inside a boat

just off shore is where we float

Yea I said

(under harmonize yourself)

I love you

and I just might

Run away with you at night

And we could live

inside a boat

just off shore is where we float

My Girlfriend is just pretend

I love her until the end

Everyday and every night

You're making me feel alright

Girlfriend Just Pretend

She can play the violin (cool)

Every-time she comes around

Something great is going down
