I saw
A manatee

My dead heart
began to breathe

I'll be
your vanity

If You'll be
My manatee

tonight

Lonely as I could be
I gave up watching my TV
I logged on to my fantasy

And there she was before my eyes
800lbs of paradise

And now I need you
My hopeless manatee
And now I want you
and not just for your body
Together we can
live like we near extinct
We'll fall in love
and we'll keep falling right off the brink

Is she so unaware
of how I watch and how I stare
what makes me think that I'll compare
to other guys in this affair

But just when I was sure I'd fail
I got an automated thank-you email
for joining

And now I need you
My hopeless manatee

And now I want you
and not just for your body
Together we can
live like we near extinct
We'll fall in love
and we'll keep falling right off the brink

Im in captivity
To your love manatee
and also by the bay area police

They caught me when I tried to steal you from your
tank

Im in captivity
To your love manatee
and also by the bay area police

I really though I could run away with you on my back

And now I need you
My hopeless manatee
And now I want you
and not just for your body
Together we can
live like we near extinct
We'll fall in love
and we'll keep falling right off the brink

And now I need you
My hopeless manatee
And now I want you
and not just for your body
Together we can
live like we near extinct
We'll fall in love
and we'll keep falling right off the brink

watched
A manatee

My dead heart
began to breathe

I'll be
your vanity

If You'll be
My manatee

tonight
