Skidding from the start, just cool hot heart
Some can't comprehend what I mean
Keeping away from that second-hand shit
From a first hand that looks so clean

Run'a from the trusted'a run'a to be sane
Running something no one can take
Man, we must've been had and they know
That we had rub our noses in their pretty mistakes

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

Run, run, run, run
Run, run, run, run

Man, these shoes can't contain me
Man, King Kong's bustin' loose
Man, I burn a hole in your rock 'n' roll dream
Yeah, I don't play fair, I don't lose

Man, these shoes can't contain me
Man, King Kong's busting loose
Man, I burn a hole in your rock 'n' roll dream
Yeah, I don't play fair, I don't lose

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

Run kid run, run kid run, run kid run
Attitude, not confusion

Hey, don't look back at destruction
Yeah I told you, you'd turn to salt
Yeah, you'll look good on my fireplace wall
Cryin' that it ain't your fault

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

Run kid run, run kid run, run kid run
Attitude, not confusion

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

Run kid run, run kid run, run kid run
Attitude, not confusion

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

When do right people do wrong?
(Do right people do wrong?)
When do right people do wrong?
(Do right people do wrong?)

Run kid run, run kid run, run kid run
Attitude, not confusion
