Verse 1

I wake
up late
forget
to shave
my boss says I'll get fired

If I make
him wait
he'll dig
my grave
But I am way to tired

Pre-chorus 1

I pull out all my clothes
trying everything on
its getting hard to stay calm
time is short

But nothing really goes
everybody will see
my mom still needs to dress me
I need help

Chorus

Saved by no pants day
why can't it be every day
I could swing that
I could swing that

We love no pants day
We want it every day
I could swing that
I could swing that

Saved by no pants day
why can't it be every day
I could swing that
I could swing that

We love no pants day

get up and dance day
I could swing that
I could swing that

Verse 2
He's new
at school
not really
cool
hes fighting With A.D.D.

He see's
his chance
a new romance
but talkings not so easy

Pre-chorus 2
He goes into a trance
making sure he looks good
checks his breathe like he should
walks to her

But he forgot his pants
nervous shaking begins
but then he see's he fits in
she loves him

Chorus
Saved by no pants day
why can't it be every day
I could swing that
I could swing that

We love no pants day
We want it every day
I could swing that
I could swing that

Saved by no pants day
why can't it be every day
I could swing that
I could swing that

We love no pants day
get up and dance day
I could swing that
I could swing that

Bridge
I know now that I can live with out pants
But I cant survive without you

So lets be free and stay up in our underwear
Run in our underwear too
(repeat)

Chorus

Saved by no pants day
why can't it be every day
I could swing that
I could swing that

We love no pants day
We want it every day
I could swing that
I could swing that

Saved by no pants day
why can't it be every day
I could swing that
I could swing that

We love no pants day
Human advance day
I could swing that
I could swing that
