Make way for the easy target
All scopes on deck
Targets come from every direction
Annihilate your pick

Behead parades in flesh hooks
No chess in the park
Amateur night blinds in neon
A novice in white belt

Peel off my face, burn fingertips
Bash all my teeth, bury me deep

Smashed to a pulp my final
Slap on the wrist
Spit out the bottle screaming
Where do I fit in?

White in white belt
White in white belt
Whining for help

Outside an audience begs
Show us more scars
Burn back the fields at once
And blanket with tar

Peel off my face, burn finger tips
Bash all my teeth, bury me deep

Back off there's no reward
Welcome to the deep end
We want a suicide
Not bloody revenge

White in white belt
White in white belt
Whining for help

Smashed to a pulp my final
Slap on the wrist
Spit out the bottle screaming

Where do I fit in?

White in white belt

White in white belt

Whining for help
