You called me up
Only if your boys weren't home
You sent me a text
But it was meant for my best friend's phone
Yeah, you're so conceited (you)
Can't even believe it
That I wasn't so into you

I'm not gonna write you a breakup song
And sing all about how I will never get along
Without you
I don't need to
I don't miss you
Like you think I do
I'm not gonna write you a breakup song
About how you broke my heart and now I'm gonna
Keep your hat
And feel so sad
It's not like that I swear
Because breakup songs are for girls that care

My paper is blank,
The pen in my hand no use
'Cause I don't care enough
To write a page about you

Am I feeling like
You sent me reeling?
I'm sorry, but no

I'm not gonna write you a breakup song
And sing all about how I will never get along
Without you
I don't need to
I don't miss you
Like you think I do
I'm not gonna write you a breakup song
About how you broke my heart and now I'm gonna
Keep your hat
And feel so sad
It's not like that I swear

Because breakup songs are for girls that care
My friends tell me
You're still watching
My every move
Well, It don't concern you baby
What I am up to lately
I should warn your new love
But she'll find out soon enough
And when she does

We're not gonna write you a breakup song
And sing all about how we will never get along
Without you
We won't need to
We won't miss you
Like you think we do
I'm not gonna write you a breakup song
About how you broke my heart and now I'm gonna
Keep your hat
And feel so sad
It's not like that I swear
Because breakup songs are for girls that care
(I don't need you. I'm not gonna miss you)
Because breakup songs are for girls that care
(That's right)
Because breakup songs are for girls that care
